## DECORATIVE FINISHES

Reinvent your living space with my decorative finishes and interior painting. Created with texture and color of your choice, we design room scapes that range from old world, antique to sleek and modern. Decorative finishes and interior painting allow you to radically change the feel and experience of your home. My experience in color theory will assist you in manifesting the environment you want to feel in each part of your home.

Different types of faux finishes, Perfect Edge Finishcrafters offers: Marbleizing, fresco, graining, trompe l'oeil, venetian plaster, color wash, strie, rag painting and sponging.

We also offer customized textures, if you've seen a texture or a color wash you like, we can re-create it.
